- The added oils promote a healthy skin with a soft 'pink' appearance
- Contains whole grains to encourage pigs to chew well
- Contains lecithin to stimulate fat burning, preventing the animals from becoming overweight too quickly

Available packaging:

20 kg

Product description

Bringing pigs or pot-bellied pigs to your home adds life to the scene, especially when they are healthy and enjoying themselves. Proper care and suitable nutrition ensure that the animals feel good and explore their surroundings with a healthy dose of curiosity. Especially for these hobby pigs and pot-bellied pigs, Garvo has the 1030 Alfamix swien. It is tailored to ensure good digestion and proper body maintenance for pigs, contributing to a long and healthy pig life.

1030 Alfamix swien is a muesli with a rich blend of vegetables and other natural ingredients. The feed contains whole grains, requiring the pigs to chew thoroughly. While chewing, the feed mixes with saliva, initiating digestion in the correct place, namely in the mouth. 1030 Alfamix swien also contains lecithin to stimulate fat burning, preventing the animals from becoming overweight. The added oils ensure a healthy skin with a soft 'pink'

appearance. Thanks to the added vegetable oils in 1030 Alfamix swien, your pig will have healthy skin and a vibrant appearance. Due to the composition of balanced dietary fibers, this is also the ideal feed when keeping pigs indoors.

Feeding advice

- 1030 alfamix swine and 480 pet swine pellet extra are complete feeds, supplementing is not necessary, but may be done
- do not feed any fat or sweet food and very limited leftovers
- supplement possibly with bread, corns or hay
- if the pigs have no grass or hay available, supplement them daily with greens. Greens have a positive influence on the intestinal flora and stimulate the digestion
- the amount of feed is dependent on the level of activity, ambient temperature, age, supplements and physical condition. Guideline 1030 alfamix swine: - large breeds: daily about 1.5% of their bodyweight - smaller breeds: daily about 3.5% of their bodyweight
- feed piglets 1030 alfamix swine as soon as they can eat solid food while still suckling
